Question:

With regards to Commodity Position Reporting and Instrument Reference Data Reporting, can you please provide confirmation that as an NCA, you would support a model where a third party firm [- a technology provider -] could provide you this information on behalf of the clients.

Answer:

Regarding the query on outsourcing in reference to Position Reporting, further developments are expected (i.e. foreseen Q&A to be issued by ESMA), notably in relation to reporting performed by third parties technology providers acting on behalf of their clients.
